BENEVOLENT SOCIETIES.

The Empress of Austria's pet poodle is valued at \$40,000.

The United States Inspector has ordered an investigation of the Pacific disaster.

It is rumored in stock circles that William Sharon has secured control of the California mine.

Now that Guibord is buried somebody should bury the Beecher case. That will not be buried until the parties thereto are in their coffins.

The body of D. C. McIntyre, formerly of Marysville, one of the Pacific victims, has been discovered. It was floating with a life-preserver.

Byron's Maid of Athens is dead, which proves that she was likewise made of clay. All flesh is grass and men and women are but haystacks.

Vice President Wilson is so much improved in health that his attendants believe he will be able to start for home in Massachusetts in a few days.

FRANCE has a revenue of four and one half million dollars more than her estimated expenditures. Germany is five million thalers behind, and so go the nations.

On Tuesday next a great railroad convention is to be held in St. Louis. The meeting is called in the interest of the extension of the Southern Pacific Railroad, and is intended to bring an influence to bear upon the legislation of the next Congress.

A squirrel hunt at Castleton, New York, week before last, resulted in bringing 11,630 squirrels! Eight men on a side. One of the number, George Preston, brought in 3,050. Pretty good shooting.

ELKO County has now money enough on hand to clear off her entire floating indebtedness and still retain a surplus of from \$10,000 to \$15,000 to add to her fund for the redemption of county bonds.

The famous Mordaunt case is at last ended by the granting of an absolute decree of divorce to Sir Charles. The Prince of Wales, now traveling in India, has doubtless already received the news thereof.

A very little thing goes a long way with the average San Francisco reporter. The marriage of a pair of Chinese sufficed for him to inflict several columns of twaddle upon the unoffending readers of the daily papers.

CALIFORNIA is to have four Gatling guns for her military boys to play with, the officers in command of the United States Arsenal at Benicia having been ordered by telegraph to hand them over. The State is now safe.

Furman's ghost continues to excite the people of Paradise Valley. The spectre is said to appear regularly every night, and though inoffensive is looked upon with fear and trembling by several who were permitted to see it. That the ghost is a humbug, there can be no doubt whatever, and it is strange that in this matter of fact day and in an intelligent community, somebody does not investigate the matter by capturing the "apparition" and seeing who and what it is, and by what means it imposes on the credulity of many who have seen it.

The deep-soundings of Lieutenant Berryman confirm the prevailing theories concerning the cause of the Gulf stream. At the depth of 2,000 feet in the Straits of Florida, the temperature is only three degrees above freezing, while deep soundings on the telegraph route show a temperature of ten to fifteen degrees below the freezing point. Hence the warmer and lighter water is from the Mississippi crowded to the surface, and is forced toward the colder regions of the North while the denser waters of the North flow south to restore equilibrium.

VILE LITERATURE.

The "Society for the Suppression of Vice" was formed under an act of the legislature, in November, 1873, by a number of prominent citizens of New York, and the organization was perfected in the following January, Mr. Chas. Whitehead being chosen President, and Mr. Comstock Secretary and Special Agent. Within less than three years there have been seized and destroyed nearly twenty thousand pounds of obscene books, completed or in process of manufacture; over fourteen thousand pounds of stereotype plates for printing books; over two hundred thousand copies of licentious prints and photographs; and nearly as many vile circulars, catalogues, poems, and songs, besides sixty-one thousand articles for licentious uses. These enormous seizures show what is the horrible traffic in obscene publications. The business has been going on for years unchecked. These tons of books, and pictures, and stereotype plates imply capital, and enterprise, and large profits. And such has been the immunity with which the business has been conducted, that one printer in New York is declared to have printed more than 140,000 of these infamous books in four years, and tons of the stereotype plates from which they were printed have been seized and melted up.

THE WACO PASSENGERS.

It is now doubted whether—as was first stated and supposed—any of the passengers of the steamer City of Waco, destroyed by fire in the port of Galveston, escaped from the flames in boats. If it had been so, the presumption would be strongly in favor of the discovery of some signs of the passengers or the frail boats in which they embarked for safety. This has not been done, though the waters in the near neighborhood and far distance have been thoroughly explored to find some clew to their fate. It is now asserted that no boats were seen to depart from the burning steamer, but that explosion was heard to follow explosion in rapid succession on board, scattering fragments of the vessel abroad, and casting her human freight in all directions into the sea. Their cries were heard, amid the angry roaring of the storm and ocean, without any rescue having been attempted, supposing such a thing to be impossible. This is a sad addendum to a sorrowful story, which, unfortunately, is likely to prove too true.

The Supreme Court of California has decided that a Sheriff's sale of property for taxes is not void because the purchase money was not paid for several weeks or months after the sale. Some of the Sacramento lawyers argued otherwise, and prevailed on some of the lower Courts to agree with them, but this decision sets the subject at rest.

The Chicago Times is authority for the statement that John Morrissey, encouraged by his recent success in New York, aspires to the next President. Well, John is a fair representative of the present Democracy.

ANOTHER man in Humboldt county has fallen heir to a fortune. His uncle in the West Indies passed in his cheeks and left him thirty thousand dollars.

OUR TOWN ROUTE.

Mr. Chas Thurston will hereafter have charge of the town route of the JOURNAL, delivering the paper to subscribers, and to him alone will they be responsible for payments made and after this date. All persons owing to the present time will please call at this office and settle their accounts. Mr. Thurston will deliver the paper promptly, and no one will have cause for complaint on this score. If you wish the JOURNAL at your place of business or residence give him your order.

THE OLD STORY.—He looked green, in fact he appeared greener than emigrants generally do. He came from "Kentucky," he said, and he had but a few dollars to last him until he got work. Some Reno poker sharps marked the unsophisticated youth for their own and enticed him into their den. His greenness was refreshing to see and he handled the cards as if they were brickbats. After the usual lessons of what takes other tricks and all about "flushes," "fells," etc., Mr. Smarty from Reno wanted to put up a trifle "just for fun you know." Greeny had scruples about that—had never gambled and his mother, etc., but they urged him—"no harm this once." So he pulled out his wallet, unwound a few yards of string and after some fumbling found a two-bit shimplaster, which he deposited. Of course he won. Tried it once more and again he won—they never saw such luck; would be rich men in a week if they could win like that. After some time spent in this way Greeny began to play a little wilder and the sharps kept feeding him with blarney until they had him, as they thought. Finally Greeny got reckless and after a number of "seeing blinds," "straddling," etc., the sharps had their last pennies on the board. Then came the calling. Greeny came last, and said he had two pairs of ones, upon which he coolly raked in the wealth, filled his pocket book, and asked when the next train went to "California." The sharps will try and have better luck next time.

FIRE MEETING.—At the meeting of Engine Co. No. 1 held Friday evening By-laws were adopted. It was also agreed that all who had signed the original list—which is lost—could become charter members if they signified their intention to do so before the 1st of December next.

STILL AT WORK.—Messrs. McFarlin and Osburn continued their work of collecting the fire department money yesterday. The citizens who subscribed are "putting up" promptly when called upon. Yesterday the gentlemen had collected \$671.38.

There is a telegram in the Western Union office for James Loomis.

Bids were received for surrendering \$639 worth of Hospital Fund bonds, and the Treasurer was ordered to purchase them at par.

The bond of Mr. Norton, as Road Commissioner of District No. 3, approved.

Three bids to build a new bridge over the Truckee were received. The bids were—\$24,000, \$13,000, \$12,800. They were all rejected.

Five bids were received to build the County Poor House, as follows: \$6,875, \$5,675, \$6,612 75, \$5,475, \$4,900, (upper story unfinished). All rejected.

The Road Supervisor of Reno District was ordered to remove all obstructions from the streets.

All County officers occupying rooms in the Court House were ordered to extinguish their lights and put their fires in a safe condition on leaving their offices.

Proposals for doing the County printing—for one or two years were ordered to be advertised for.

Board adjourned to meet second Monday in December.

COUNTERFEIT NOTES.—The attention of business men is directed to the following order issued by J. J. Knox, Comptroller of the United States Treasury: "Refuse all five-dollar notes of the following banks: The First National Bank of Chicago, Ill.; the Traders' National Bank of Paxton, Ill.; the First National Bank of Canton, Ill.; the First National Bank of Aurora, Ill. Nearly the entire amount of the genuine five-dollar notes of these banks has been withdrawn from circulation, and no additional issue will be made. The Comptroller is desirous of retreating the whole amount from circulation, and all persons receiving such notes are urgently requested to deposit the same with the nearest National Bank, or forward them to his office for redemption."

ATTEMPTED ROBBERY.—Last Friday night as a Reno gentleman was walking through a lane he was confronted by a robber who demanded his money. The gentleman failed to see it in that light and pulled a revolver. The robber struck him with a club which he held, but the gentleman was game and administered a quietus by delivering two emphatic blows. He then allowed the would-be agent retire in good order. He should have been arrested.

DRIFT WOOD.—J. P. Foulks was in town yesterday looking after the logs and cord wood that escaped from his dam and boom at Verdi. He told us that he came down the banks of the river and counted four hundred logs lodged along the banks. Quite a number went through here also—so many in fact that the old bridge had to be protected from them by throwing in rock around the foundations.

THE IRON SHIP.—The material for the iron ship which is being shipped in sections from Pennsylvania to San Francisco, is now passing daily over the railroad at the rate of five or six car loads. Some of the irons which passed through are about the length of two flat cars; but we have no idea what part of the vessel they were intended for. The telegraph reported at the time the material was started from Pennsylvania, that there was sixty eight car loads of it altogether.

EMIGRANTS—20th—seven cars.

MORE.—The late heavy storms have increased the suffering of the poor people of Virginia, and as a natural consequence increased the need of assistance. Reno, among the rest, responded, and as a result a check for \$510 was sent them by our citizens. Well done. A gentleman from there informed us yesterday that the great need at the present time is blankets and clothing. The bad weather comes at a time when it causes much suffering and misery among the unfortunates. Upon the outside towns must devolve the duty of alleviating their wants as much as possible—and they are doing it right nobly. Reno has acquitted herself with credit. The Relief Committee in Virginia will require \$10,000 a month during the Winter to supply the wants of the unfortunates.

BOOM BROKEN.—A note from Mr. J. P. Foulks yesterday informs us that the boom he had built at Verdi in the Truckee river broke last Thursday night and allowed all of the saw logs and cordwood to escape. The boom would have stood the sudden rise in the river had not the dam above it broken. As it was everything went with one fell blow. The loss is about \$8,000. Mr. Foulks warns all persons against appropriating any of the escaped timber, and says he will pay salvage.

YESTERDAY we published an amount of freight forwarded East by rail last month, over sixteen and a half million of pounds. As the capacity of a car is 20,000 pounds, there must have been over 800 cars employed in carrying the above freight to its destination. This shows an average train of 24 cars for each day of the month, including Sundays.

V. & T. R. R.—Yesterday morning there were 70 cars of freight in the yard here awaiting shipment over the V. & T. Of these 30 were merchandise. The shipments of merchandise is heavier than ever known before on this road. Lumber and coal are also sent in large quantities.

MERRILL'S DANCE.—Owing to the inclemency of the weather the dance to be given in Merrill's new house at Verdi on the 18th, was postponed until Tuesday next, the 23d instant. Mr. Merrill has been to considerable expense and has left nothing undone to make this a success. See the advertisement.

We stated last week that several of our citizens had gone to the City to see the race. It was all a mistake. They went on business, and came back without witnessing the great event.

At the Episcopal Church there will be divine services at 11 A. M. and 7 1/2 P. M. today, at 11 A. M. and 7 P. M., also Sabbath school at 2 P. M. Rev. G. W. Fitch, Pastor.

Divine services will be held in the M. E. Church to-day, at 11 A. M. and at 7 P. M., also Sabbath school at 2 P. M. Rev. G. W. Fitch, Pastor.

The members of the Terpsichorean club are desired to meet at Judge Gilson's court room on Tuesday night at 7 o'clock.

"WATTY" & Co. announce that they have leased the International Restaurant. They will close it for a few days, but will re-open it on Monday next under the name of the "Saddle Rock Oyster and Chop House."

NOTICE.—Hereafter our store will be open on Sundays until 12 o'clock. Our neighbors can govern themselves accordingly. MANNING & DUCK.

To RENT.—Room to rent. Enquire at Richardson & Drabman's saloon.

REMOVED.—The Misses Vance are now located on Virginia street, next door to the photograph gallery. They will receive at their dressmaking establishment and make to order in the latest styles, all kinds of plain and fancy sewing.
